# 1956 Mercedian

Not only the pastness of the past, but its presence . . . tradition contains vital, active and continual work, not to be inherited but sought after with laborious zeal. It is our Catholic tradition to have educated the whole personality, finding the very basis in the culture of Faith, coupled with co-curricular activities and social affairs conducive to good. Marking each page in this, our 1956 *Mercedian,* is the spirit of traditions, finding its impetus through the combined strength of the four classes, united in their individual striving toward a conceived goal.

Turning the traditional tassel slowly, yet steadily forward, so too are we to progress "in all things and at all times to feel within the joy of heroically toiling toward rest with God and a happy immortality."

MOUNT SAINT AGNES COLLEGE

MOUNT WASHINGTON

BALTIMORE 9, MARYLAND

# Dedication

*"O gentle Agnes, Rome's brave child,*
*In love we kneel and pray;*
*Lend us at Mercy's throne thine aid,*
*Thy power, thy power with God display."*

To thee do we dedicate this, our written testimony, versified as the silken threads of the tassel to be bound tightly by the knot of your persevering love. Under your patronage, may the threads of our lives be ever fastened as tightly as the truth in matters of Faith, religion and morality.

JOAN FLORENCE ADAMS

*Bachelor of Science* *Nursing*

Filled with a sincere love for humanity and an alert consciousness of the relief afforded by a wholesome laugh, Joan radiates a friendly, cheerful attitude so necessary in a nurse. She entered the Mount as a Junior, an R.N. from Union Memorial Hospital, and since that time has taken part in scholastic and social affairs. Stylish appearance characterizes Joan whether her blonde hair and blue eyes are enhanced by her college dress or starched uniform. She will proceed from the Mount, an intelligent and conscientious member of her profession ready to teach other students the true value and ideals of nursing.

MARY ELISSA BEERE

*Bachelor of Arts* *Education*

Quickly, quietly and efficiently, Elissa, "Dido" to us, did her job well though faced with complicated circumstances. Contagious laughter mixed with dry humor accompanied her to success, as she undertook photographic duties for the *Mercedian* or worked for the Education and Glee Clubs. Her persevering love for our Lady brought new interest and success to the Sodality, of which she was prefect in her Senior Year. Elissa's interests include music and the Confraternity of Christian Doctrine. Her main love is children, to whom she hopes to dedicate at least part of her life, teaching them the principles of Christian living.

PATRICIA LEGOURIA BELL

*Bachelor of Arts* *Biology*

As senior resident student ruler, Pat has kept her peers within limits without losing her easy gift of conversation and pleasant personality. She entered the Mount in her sophomore year and since then has given her time generously to the *Mercedian*, the Sodality and the Athletic Association where she enthusiastically cheered varsities on to victory. Attractive and neat as her ever up-to-date Science bulletin boards, she quietly persuades others to attend Science Club meetings where, as president, she planned a full program. Pat will carry with her from College scientific truths which she will unassumingly infiltrate throughout her associations.

*Left to right:* Elissa Beere, Pat Bell, Joan Adams.

## CATHERINE MARIE BROWN

*Bachelor of Science* *Nursing*

A strong will to succeed as a nurse characterized Cathy as she resumed her studies at the Mount and joined its varied activities. Cathy, who is well-groomed at all times, presents a pretty picture in any sick room. With a Christ-like desire to help humanity, she finds in Mercy Hospital a genuine satisfaction. Equipped with a gentle sense of humor and a conscientious nature, she combines her knowledge with a pleasant bedside manner, thus making herself loved by her patients. Knowing her profession and realizing its responsibilities, Cathy will bring relief to the souls for whom she cares.

*Left to right:* Joan Connell, Joan Davis, Fran Ryan, Shelagh Murphy. Catherine Brown, absent.

JOAN CATHERINE CONNELL

*Bachelor of Science* *Nursing*

While "Joanie" lived at the Mount, it was her sincere desire to be a "bed-side" nurse. The determination and enthusiasm with which she pursued her courses were evident also in her participation in class and club activities. She was a conscientious and competent secretary of the class and showed outstanding ability on the basket-ball and tennis courts. Joan, with her "salt and pepper" hair, has proven herself competent and willing to spend long hours untiringly and unselfishly in the service of the sick. Characteristics such as these will insure her success and happiness both in the nursing profession and in her married life.

JOAN PALMER DAVIS

*Bachelor of Science* *Nursing*

Gleaming black hair and expressive eyes characterize this "ballet dancer" of the senior class who is a striking example of restless activity. Joan's vivacious personality found expression in the Science and Glee Clubs as well as in the Sodality, during the first two years at the Mount. Continuing with enthusiasm, she has made an unselfish nursing student at Mercy Hospital. Her stylish tastes are always reflected through "band box" neatness in her personal appearance. Capable of giving sincere sympathy, Joan will earn a place among Catholic nurses who are driven on by their ever present love for God and His sick.

## MARY IRENE DETERMAN

*Bachelor of Arts* *Education*

Calmly and unobtrusively Irene has resided at the Mount for four years and has proved herself a true friend. With a deep sense of duty this conscientious student has, as assistant business manager of the *Mercedian,* tackled mathematical juggling in a most expert manner. Irene has carried out her duties with maturity and exactness but on more than one occasion she has lightened her class, Sodality, Glee Club or Student Government Commission work with a heart warming laugh and a quick sense of humor. "Psychological baby-sitting" has given her unlimited experience and should be invaluable in a high school mathematics teacher.

## JO ANN DEWEES

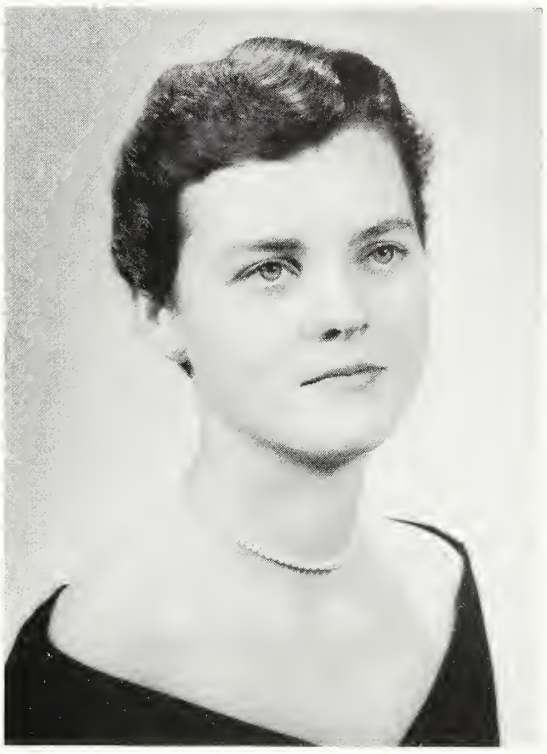
*Bachelor of Arts* *Medical Secretary*

"Persistence personified" cannot forcefully enough characterize this dark haired, flashing eyed Miss whose willingness radiates beneath her broad smile. Never daunted, never failing to make conscientious efforts to succeed, Jo Ann has adjusted herself to many situations during her years at the Mount. She has modestly and quietly offered good reasoning in compiling the *Mercedian,* and has courteously rendered services to the activities of the Glee Club, Science Club and Athletic Association. Jo Ann has found a particular interest in the field of science and has acquired for herself an enriched background which will render her a well-informed, invaluable Medical Secretary.

ELIZABETH LOUISE DUKEHART

*Bachelor of Science* *Medical Technology*

Betty Lou, otherwise known as "Poopsey" has served as the efficient and accurate secretary to both the Sodality and Student Government Organization. Her rich alto voice has supported the Glee Club in many of its traditional performances while class loyalty has found her always participating enthusiastically in its every activity. Under a pair of bright blue eyes, dark wavy hair and fine features, appears this lady-like collegienne whose jovial spirit will not be forgotten by her classmates as it accompanies her as a very definite asset to the laboratory when she becomes a member of the Medical Technology Profession.



*Left to right:* Jo Ann Dewees, Betty Lou Dukehart, Irene Determan.

## PATRICIA ANN DUNNE

*Bachelor of Science* *Medical Technology*

Pat's blonde hair and blue eyes are as pleasing a combination as her mild voice, knowing smile and keen sense of humor. As sophomore class president she proved her ability to execute intelligently whatever problem was placed before her. Expression for her innate talents has been found in the Science Club, Glee Club, Sodality and Athletic Association. She has excelled in her studies and because of her understanding nature which is seen in her kind attitude to all, she will continue to make forward strides in her loved profession of Medical Technology.

*Left to right:* Eleanor Hicks, L'lene Fifer, Pat Dunne.

## L'LENE MAY FIFER

*Bachelor of Science* *Medical Technology*

L'lene is the perfect young sophistieate of our elass whose unruffied dignity is eonveyed by her soft but authoritative voiee. Known for her fastidious grooming, she is oftcn eaught in a last minute rush. Witty ehatter spiced with an inquisitive nature, lightened with inimitable ehuekles have made her an asset to any diseussion whether it be in the Sodality, the Science Club or the Athletic Association. As president of the Proseenium Club, her dramatic enthusiasm was expressed. L'lene's professional air earries her competently into the field of Medieal Technology where she works with aceuracy and preeision.

## ELEANOR MONICA HICKS

*Bachelor of Arts* *Education*

In her quiet, reserved way 'El' has moved into the hearts of her classmates who marvel at her ability to do so mueh—so well. Her ever ready smile and subtle, unexpected wit delight her audienees in both smoker and classroom. With her versatile and inquisitive mind El has suecessfully combined her studies in English Education with active partieipation in the Student Government Commission, Sodality, Humanities and Edueation Clubs. As editor of the *Mercedian* this soft-spoken, brown eyed Miss has again proved her quiet efficiency and leadership. Wholehearted sincerity and understanding give assurance that El will be an outstanding Christian woman and teacher.

## CELINE ANN HILTZ

*Bachelor of Science* *Medical Technology*

Celine, our Southern Belle, has added her distinct accent to many Mount activities. As "Big Time Operator," or spotted soprano of the Glee Club or Marian Choir, she has completed her work with characteristic confidence, seemingly never daunted by long hours or demanded efforts. Always quick to realize the core of a situation, Celine has exhibited initiative in her proposals for solutions to problems. When this petite collegienne returns home, to Georgia, to follow her chosen profession to the tune of "Wedding Bells," the Mount will lose a valuable touch of that "southern hospitality" which has made Mercy Hall "homey."

## SHIRLEY MARCIA HONKOFSKY

*Bachelor of Science* *Medical Technology*

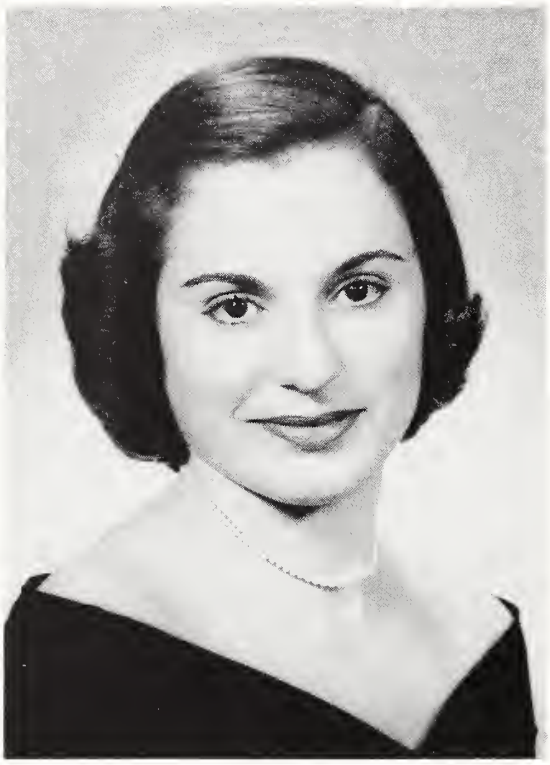
Shirley, with her teasing smile, is one of the best-informed girls in the class. She is serious in every endeavor and shows outstanding ability to comprehend and contribute to any interesting conversation or investigation. Despite unavoidable handicaps, Shirley has enjoyed the life of a Mount collegienne and has been ever ready to assist her fellow classmates. She has a particular interest in science and medicine and so has realized a genuine delight and satisfaction in her work. Shirley will step forth from the Mount ready to solve problems—in the lab with her avocation and in the home with her vocation.

SHIRLEY JULES

*Bachelor of Arts* *English*

Conscientious efforts have been poured into every responsibility assumed by one of the most striking girls at the Mount. Characteristic as her dark hair is her efficiency which was seen particularly in her handling of Candlelight Night and "Electra." Shirley, who is particularly interested in English, did well as editor of the *Reflector* and as president of the Humanities Club. In sports, she gives particular attention to golf and hockey. Possessing a sweet simplicity, a sincere and openly obvious earnestness and determination to succeed, Shirley will proceed from College eagerly maintaining her high standards in the professional or married state.

*Left to right:* Shirley Honkofsky, Shirley Jules, Celine Hiltz.



## SUE JWAIDEH

*Bachelor of Arts* *Education*

"Sue" arrived at the Mount in our Junior year bringing with her deep tones of Arabian culture. For two years Mercy Hall has had the benefit of this vivacious little Miss, who is dynamic as her black eyes. A keen sense of humor carries her through many a difficult situation. Class teams have benefited by her athletic prowess. A desire to teach as well as a love for children has influenced Sue in her choice of course which she hopes to pursue in the States for at least a short time after graduation—after that—perhaps!—Puerto Rico!

*Left to right:* Mary Agnes Keller, Sue Jwaideh, Betsy Lindenstruth.

MARY AGNES KELLER

*Bachelor of Arts* *English*

Striking as her red hair and deep blue eyes, is the force of this dynamic leader who has rightfully been named to "Who's Who" in American Colleges. A genuine deep-rooted faith and sympathetic understanding have helped "Mag" attain success as Student Government President. Knowing the benefits to be derived from activities both on and off campus, she uses every opportunity to be of service whether it is in the Humanities or the N.F.C.C.S. of which she is a staunch supporter. Ever faithful and dependable, "Magnes," fortified with steel-like ideals and softened by her love of simplicity, will shape an exemplary future for God and man.

HELEN ELIZABETH LINDENSTRUTH

*Bachelor of Science* *Medical Technology*

Endowed with a quiet understanding of human nature, "Bets" could express a worthwhile opinion by very subtle remarks punctuated by her short, knowing laugh. In her unassuming and effective manner, she participated in class sports as well as in Sodality and Glee Club projects. Possessed with a recognized flare for art, Betsy displayed her talents as *Mercedian* Art Editor. Particularly feminine in her appearance, she always showed herself the picture of neatness. She moves with ease and a certain professional air around the clinical laboratory at Mercy Hospital, never forgetting the many Medical Technology headaches she has succeeded in curing.

RITA JOAN McCALL

*Bachelor of Arts* *Mathematics*

Outstanding dignity enriched with firm determination and lightened by a genuine laugh makes "Reets" the leader who fulfilled her duty as senior class president with outstanding ability. Rich as her dark brown hair and effective as her broad smile, is her alto voice which supported the Glee Club in many of its activities. Assuming innumerable responsibilities in the Sodality and the Student Government Commission, Rita was gifted with a knack of casually meeting any difficulty. She thereby encouraged many of her class-mates and will be a source of inspiration to others because of her modesty and self-confidence.

MARIE CHRISTINE McKOY

*Bachelor of Science* *Medical Technology*

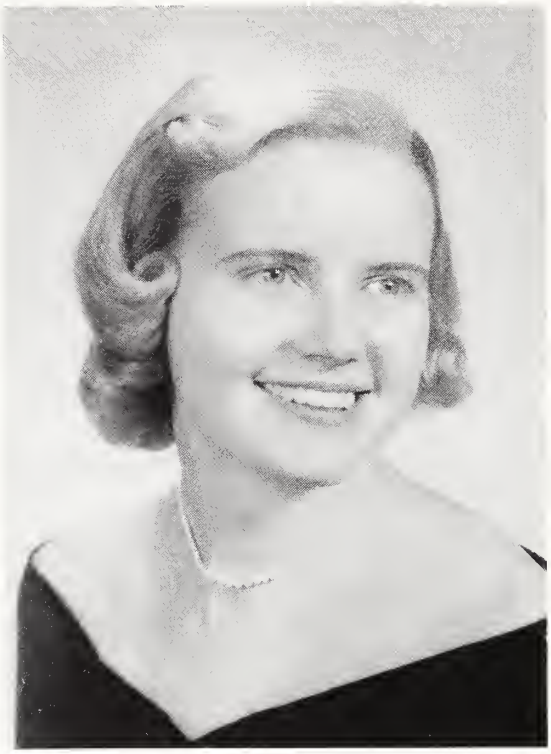
A native of Venezuela, Marie adds her unique English accent to the Senior class. Kindness and generosity are reflected in her flashing black eyes while her soft voice and winsome smile will always comfort those with whom she comes in contact. Her artistic ability has been displayed on more than one occasion and has been used effectively in this *Mercedian.* Armed with very definite individualistic ideas, Marie has voiced them on occasion in the Sodality and in class activities. This enthusiastic, intelligent Medical Technologist will be missed at Mercy Hall but her influence will be felt and appreciated in far away South America.

THERESA KATHLEEN MULVIHILL

*Bachelor of Science* *Nursing*

With new-found independence, Terry, our tall lively senior, has become known for her friendly, enthusiastic eagerness to be a part of every activity. Although at the Mount for only two years she has shown outstanding school spirit, particularly in the Proscenium Club and the Athletic Association. Bubbling over with energy and loving her profession, Terry has made time to be a part-time nurse on week-ends. Because of her genuine love for humanity and her desire to ease the pains of God's afflieted ones, she will bring peace and happiness to many patients as she follows her chosen career.

*Left to right:* Terry Mulvihill, Rita McCall, Marie McKoy.



## SHELAGH VERONICA MURPHY

*Bachelor of Science* *Nursing*

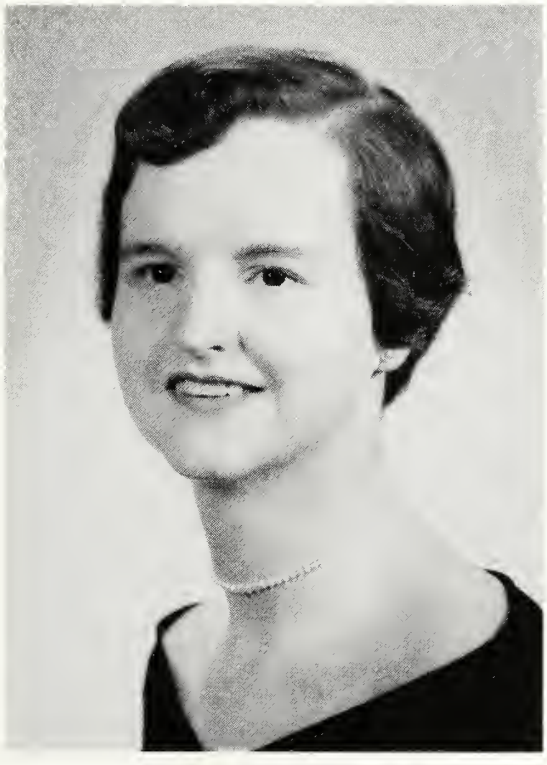
Shelagh's "crowning glory" and gentle sense of humor complement the Irish sparkle which accompanied her to the Mount from Georgetown University. Listed among her co-curriculars were the Science Club and I.R.C. while class sports and Glee Club were her recreational interests. As a member of the Resident Council, she soon became a recognized "Fifth Hall Mother," in whom all showed the greatest confidence. After leaving the Mount, "Sheil" industriously applied herself to her nursing vocation, and never ceased to radiate goodness at Mercy Hospital. Her deep rooted faith and simple modesty will continue to inspire the patients under her care.

*Left to right:* Trish O'Keefe, Joan Marie Noyes.

JOAN MARIE NOYES

*Bachelor of Arts* *Biology*

Joan Marie enthusiastically participates in academic and social activities at the Mount. She possesses a keen perception and insight into world affairs and has proven this ability in the International Relations Club. In the Glee Club her love for music and people is evidenced by faithful attendance at every Glee Club gathering. After three years a day student, Joan Marie became a resident of Mercy Hall, and so the "middle man" of the senior class. Meticulous and precise in every phase of living, this Biology major will enter the scientific world where these characteristics will be most advantageous in the laboratory.



MARY PATRICIA O'KEEFE

*Bachelor of Arts* *History*

Button eyes, teasing Irish chatter and outstanding determination, give "Trish" her unique magnetism which is seen in History classes as well as in the daily "tête-a-têtes" in the Smoker. Gifted with a keen accuracy for figures, she has made a successful Business Manager for the *Mercedian*, calmly accepting all accompanying problems. Beneath her efficiency is a sincere understanding and sympathy which is evidenced by her willingness to aid in the many projects of the Senior class, the Sodality and the Athletic Association. With fiery enthusiasm, she will strive to project her strong convictions and will never be daunted by inevitable obstacles.

MARY MARGARET RIDINGER

*Bachelor of Arts* *Education*

Conscientious Mary Margaret touches many phases of life at the Mount with her sparkling personality. As Chairman of the Mariology Committee of the Sodality, she has done much to spread devotion to our Lady. Her cooperation with "Jim" in handling the photography of the yearbook has been amply rewarded. Mary Margaret also worked with earnest seriousness in the Glee Club, Student Government Commission and as secretary-treasurer of the Senior class. Endowed with a genuine love for children, she has completed the Elementary Education course and now her gracious, gentle-natured disposition will win the confidence and love of her future pupils.

FRANCES MARIE RYAN

*Bachelor of Science* *Nursing*

Adequately versed in many subjects, "Fran" has proved herself a capable conversationalist. A woman of strong convictions, she conveyed her ideas with little difficulty to her companions. Her views were clearly stated in the I.R.C. and Science Club as well as the other meetings at which she was an active participant. The College Glee Club benefited also by her melodious voice. Crowned with wavy golden hair and endowed with a jovial and dry sense of humor, Fran's presence will enhance the atmosphere of any sick room. Her refreshing laugh and gentle spirit will be a source of joy to her patients.

## SHEILA ANN RYAN

*Bachelor of Science* *Medical Technology*

"Sheba" well deserves her listing among "Who's Who," for she has conscientiously and carefully worked in turn as S.G.O. Commission Chairman, Sodality President and junior class president. Her second soprano voice is well known whether it is heard in Glee Club performances or in her private interpretations of her favorite "Ramona." Whether "poet laureate" of the Senior class or "college barber," her infectious wit and evident sincerity are always apparent. A Medical Technologist by profession, Sheila by fidelity to her Christ-like ideals and principles will always be a source of inspiration and courage.

*Left to right:* Peggy Wheltle, Mary Margaret Ridinger, Sheila Ryan.

## MARGARET MAIE WHELTLE

*Bachelor of Arts* *Secretarial Science*

Symbolic of her energetic enthusiasm for athletics is a placque awarded to Peg by the Athletic Association in her junior year. As Senior A. A president she has worked untiringly in her efforts to spur her class-mates on to the Hunt Cup and individual athletic awards. Her auburn hair and blue eyes mirror her vivacious earnestness and efficiency whether she is the professional secretary or the star athlete. Peg, who is most loquacious, has lightened many situations with her contagious tearful laughter which only hides a purposeful plan for fulfilling her established principles.

## ALMA MARIE LUM

*Bachelor of Arts* *Education*

Enthusiasm, cooperation and joviality mark the spirit of this blonde-haired, blue eyed Mount Collegienne. Her merry laugh and constant good humor are familiar to all who encounter her. Alma's versatile hands are always ready to help others and she could often be seen working on bulletin boards, ironing or making dolls for the Bazaar. Efficiency and dependability were her watch words as secretary of the Liturgy Club. Alma's generosity and love of humanity played a part also in her choice of elementary education. Her Christian spirit and love of neighbor will bring much happiness to those around her.

Maroon and white signify the class whose success at the Mount can be partially attributed to our unity from a spirit of enthusiasm in school. We grew more serious this year urged by the force of perseverance to achieve every attainable success. We took more interest in the Mount as evidenced by our representation on the council, newspaper, yearbook and class activities. This growing spirit came to light particularly when we planned the Junior-Senior Banquet as our class token to the seniors. We came to know and cherish the many traditions of the Mount, for we too, have become more a part of the institution which is molding our lives for the future.

The Junior Class won acclaim for their rendition of "Sixteen Tons" at our first Song Snack.

Green and White highlight the mixed feelings of our class as we know the seriousness and cannot resist the laughter of each day at the Mount. Ours was the responsibility to offer assistance in the many activities planned for the new collegiennes. We know the satisfaction from participating in the song snacks, dances, Bazaar, class games or any planned activity. Serious attempts were seen in undertaking the responsibilities involved in planning Candlelight Night, our tribute to the senior class. Sophistication was obvious in our particular efforts aimed at becoming more serious of purpose evidenced in our desire to display great wisdom and capability.

Freshmen found that the sophomores planned a fun filled night for them at initiation.

Upperclassmen and faculty extended a warm welcome with a whirling series of get-togethers during Orientation Week, which included a song fest, weiner roast and "Big and Little Sister" Party, seasoned by the formality of the tea with the faculty. Initiation fixed the bond more firmly with the sophomores, followed by the formal induction at investiture. We came to grow with a fuller and deeper understanding and appreciation. To prove these new found feelings we capped the year's events with the picnic for the seniors, our final expression of thanks.

# Religious Activities

"For God, for God was thy Delight." Age old is this motto of our patroness by whom we may live. We too, must seek to know her self-same Delight, through both our spiritual and corporal works. The Sodality of the Blessed Virgin Mary, the Liturgy Club and the Marian Choir provide opportunities for each girl to know and love her heritage. Marking the change of every season is the enrichment of these religious activities especially important during Lent, Advent and the special feast days. Nourishing our daily growth are such things as the rosary, "Missa Cantata," Little Office and the exposition of the Blessed Sacrament on First Fridays. Endowed with the resultant blessings received from participation in these, we come to know and realize the wealth reserved for those who labor in spiritual advancement.

Sodality-Drama Club members portray the fifth Joyful Mystery of the Rosary—the Finding of the Child Jesus in the Temple.

Student body under the leadership of the Liturgy Club attend the weekly "Missa Cantata" on Thursday morning.

Nancy Wood, Virginia Shano and Mimi Tarant, Liturgy Club officers discuss possible plans for future meetings.

The Marian Choir comprised of resident students sings the Proper of the "Missa Cantata."

Officers of the Education Club, Vera Gaines, Mary Ellen Terry, Irene Determan and Mary Kay Steinkamp seek some helpful information.

Running off some material to be used by the Secretarial Club are Mary Cain, JoAnn Dewees and Anne Miller, officers.

# Scholastic Activities

"As how to live we learn." The Mount opens expanding vistas to the girls interested in the Fine Arts, world affairs and scientific thought: to those whose hearts belong to the teaching profession or to the commercial world. An invaluable education is gained through the current issues discussed in the I.R.C. club. Appreciations are deepened in the Humanities Club while the Science Club strives to make the scientific world more impressionable to those interested in knowing with the light of Catholic thought. Prospective teachers and commercial students find practical accentuation, a must in the Education and Secretarial Clubs. In all these scholastic activities, student opinion is molded for Christian living.

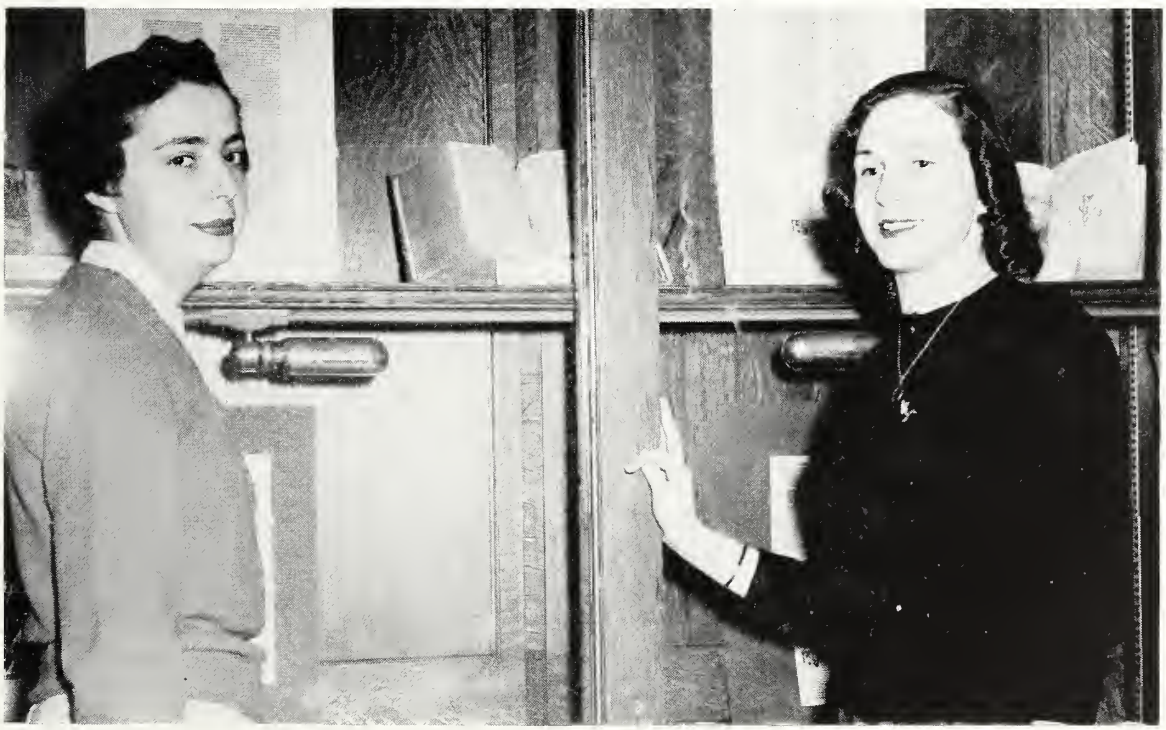
Joan Marie Noyes and Kathy Roddy, officers of the I.R.C. converse with two members of the Tamburitzans.

SCIENCE CLUB

Pat Miskelly and Pat Bell look very pleased at some suggestions for future science club meetings.

HUMANITIES CLUB

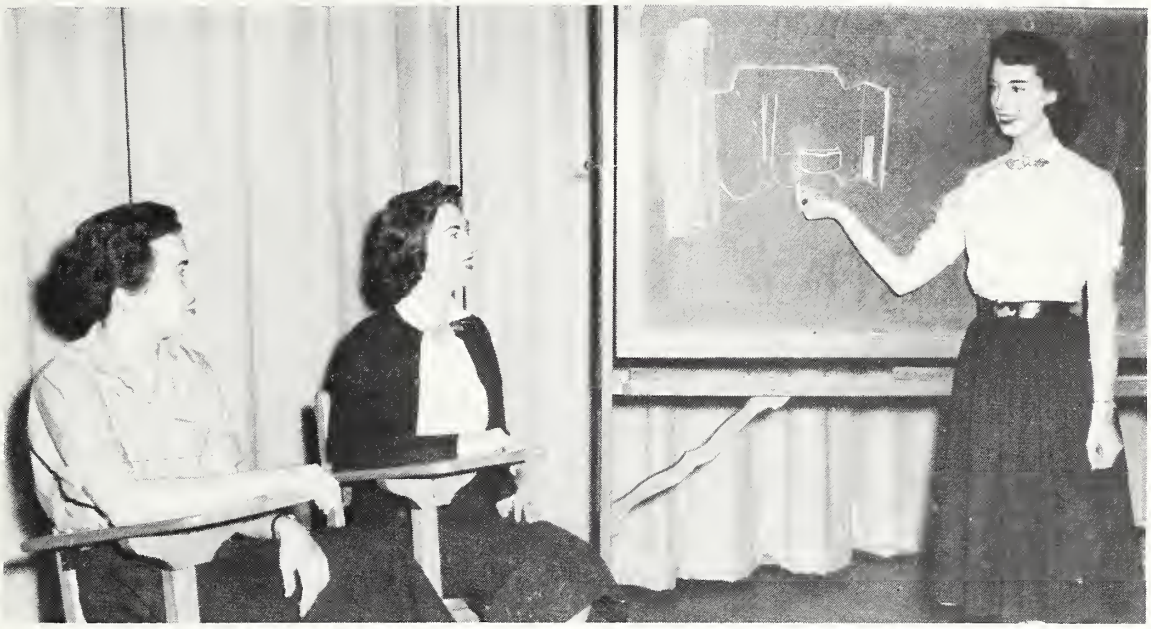
Shirley Jules, president of the Humanities Club, explains a display to Lila Maier.



*Left to right:* E. Hicks, V. Gaines, M. E. Penn, and M. Britton look over the score for some music for the glee club concert.

# Athletic Association and Public Performance

Signifying the birth of the Light, the Marian Choir and other groups surround the center candle at the Christmas program.



Kitty Kelly points out an aspect of stage sets to fellow officers, Valerie Gabler and Mimi Atkinson.

Talent never goes unnoticed at the Mount. The Glee Club and Proscenium Club operate to stimulate the innate abilities of the students. With several concerts and Song Snacks the Glee Club encourages student appreciation of the many phases of music. Equally notable is the Proscenium Club whose members are ever enthusiastic to bring theatrical activity to the rest of the student body. Members of these clubs know the satisfaction afforded them in these outlets for their ambitions.

General participation is the pride of the Athletic Association with its program aiming to perfect sportsmen, not only in bodily performance but through a forceful and energetic spirit. Traditional as this phase of life at the Mount, is the zest which strengthens the bond so necessary among collegiennes.

Janie Carroll shows her disappointment of the attention Jerry Frese is showing her daughter, M. L. Daigler in Proscenium Club's performance of "Engaged."

Hockey Squad

Mount Saint Agnes and Villa Julie are intent upon their hockey game.

Mary Frances Kuhn and Carolyn Gaff look on as Peggy Wheltle registers high school girls for Play Day.

Seniors show their Volley Ball skill as they compete in the intramural games.

Varsity Basketball Team

The Mount varsity basketball team meets the girls' varsity team at Morgan College in an exciting game.

Mary Frances Kuhn, Lila Maier, Mary Ellen Terry and Lois Logan work on the next issue of the paper.

# Student Publications

Featuring traditional life at the Mount with its characteristic variety, Student publications touch the most remote corners of the college. The *Mount Reflector* with its sectional coverage of events arouses student expression along many lines. Student news is the paramount significance of this newspaper as it presents the happenings in the girls' lives, of interest to all. Exclusive is the role of *Spheres* embodying marked academic efforts selected from the student body in the different phases of learning. This book represents Catholic thought as it touches the expanded interests in life. The silken chain of memory with link upon link of the Mount's traditions is encased within the pages of the *Mercedian* as it represents its view of the Mount.

Kathy Roddy, and Pat Miskelly make some suggestions concerning this year's edition of *Spheres*.

Gathered in the lounge for a conference concerning the yearbook are staff members, Eleanor Hicks, Irene Determan, Mary Margaret Ridinger, Elissa Beere, Patricia O'Keefe, Marie McKoy and Anne Miller. *Missing:* Betsy Lindenstruth.

# Mercedian

Memories are found recorded between these covers. Traditional life is herein pictured. Gratitude is to be expressed to those representatives whose efforts have made this recording possible, but particular expression we give to Sister Mary Baptist, the Moderator of this, our annual evidence of life at Mount Saint Agnes College.
